

## GUIDED BACKSTAGE TOUR

Discover even more hidden details in one of our guided Backstage Tour and gain some inside information about the world's biggest model railway exhibition.

## STAY ON TOP OF THINGS

Enjoy interesting news and special offers in our newsletter. Simply scan the QR code to subscribe.

Follow us on our various social media channels to experience Miniatur Wunderland online:

## SHRINK YOURSELF INTO WUNDERLAND

State-of-the-art virtual reality technology enables you to experience the tiny world with all your senses, as you take a walk across the Wunderland as a miniature figure. A joint high-tech adventure presented by Europa-Park and Miniatur Wunderland on a giant adventure space.

**Tip:** Holders of a combined ticket for YULLBE WUNDERLAND and Miniatur Wunderland can enter the exhibition at any time, without having to wait.

## OUR RESTAURANTS

In Miniatur Wunderland, there are two restaurants to choose from! In addition to the Bistro in the main building, there is also the Wunderland Diner in the building next door.

In our **bistro** we offer a wide selection of freshly prepared food and drinks at family-friendly prices.

After a walk over the glass bridge (next to the Provence) into the neighbouring building, you will find our **Wunderland-Diner** on the 2<sup>nd</sup> floor!

It offers delicious burger in a unique ambience. You can choose between burgers made from regional organic beef or a vegan alternative. Coffee and delicious cakes such as brownies and New York Cheesecake are also on the menu.

## DIRECTIONS

**U** U-Bahn U3 Station **Baumwall** approx. 7 minute walk  
 U-Bahn U1 Station **Meßberg** approx. 10 minute walk

**H** MetroBus Line 6 Stop **Auf dem Sande** approx. 1 minute walk

## AN EXCEPTIONAL MINIATURE WORLD

We started building our lifetime project more than 20 years ago in December 2000. Our dream was to build the world's largest model railway exhibition. Since then, hundreds of thousands of details have been created in over a million working hours. Taking a closer look is definitely worthwhile, as some of the loveliest and most carefully crafted details can be easily missed at first glance. You will visit various theme worlds on your trip around the Wunderland, ranging from fantasy cities, via diverse landscapes, through to model making masterpieces. More than 22 million visitors have embarked on a discovery tour on a scale of 1:87 to date. We cannot wait to welcome you at Germany's most popular tourist attraction, too!

"It is epic in both  
scale and creativity."

## Day/Night-Simulation

EVERY 15 MINUTES

ROME AND THE VATICAN IN ITALY

Let your imagination run free at Miniatur Wunderland: a day lasts just 15 minutes, thanks to the simulated rhythm of day and night. Once dusk sets in, the installation is bathed in the enchanting light of almost 500,000 LEDs.

A very special attraction is the world's tiniest civil aviation airport: featuring more than 40 planes and the corresponding ground staff, the 125 square metres installation may well be the most elaborate flight simulation anywhere. For more than 20 years now, we have been creating stories characterised by great attention for detail. In May 2023, the impressive and scenic Patagonia section was opened. But that's not all: further parts of South America, including the Atacama Desert, the Amazon rainforest and the Caribbean are to be created in the coming years. Construction is also continuing busily on Europe. Monaco and Provence will soon enrich the world map of Miniatur Wunderland. And the ideas never run out...

Just wait and see!

"Hamburg's biggest  
tourist magnet."
